

## **Planning Seminar**

Friday 29<sup>th</sup> April 2005

The first Planning Seminar to be held by Cranborne Chase and West Wiltshire Downs AONB at which matters of interest for the AONB Partnership and Local Authority Planning Departments can be discussed and ongoing working relationships forged.

This year, ENTEC UK, planning consultants have drawn together a draft planning protocol for discussion. Their contract also required some initial consideration of potential position statements for the AONB Partnership.

This seminar will outline the work of ENTEC UK to date, consider the current outcomes and determine how future work on planning issues is undertaken.
